The Massachusetts Neurologic Association

July 2023

Dear supporters,

Since its creation in 1978, the purpose of the Massachusetts Neurologic Association (MNA) has been to advance the science and practice of Neurology in the Commonwealth of Massachusetts. The MNA offers educational programs and fosters a sense of community for neurologists. The MNA advocates with patients and their representative groups to enhance the understanding and treatment of neurological disorders.

You are Invited to support the MNA's 2023 Fall Meeting to be held on Saturday, October 28th, 2023, at The Westin Copley Place in Boston, MA. We anticipate an audience of about 75-100 practicing academic neurologists, residents, medical students, and other physicians.

The meeting will include an exhibit hall located in a separate room, next to the presentations room, and there will be time dedicated to the Exhibit. The exhibit fee for this meeting is $2,000 for a 6 ft. display table in our exhibit room. Exhibitors are encouraged to attend the educational presentations and are cordially invited to join us for brunch to increase your facetime with attendees.

If you would like to exhibit, please complete the enclosed "Intent to Exhibit Form" and return it with your fee no later than Friday, October 13th, 2023. Our federal identification number is 04-2763275 and checks should be made to Massachusetts Neurologic Association, 860 Winter Street, Waltham, MA 02451. Online payment is available on our website at https://www.massneuro.org/exhibit.

We appreciate your interest in the MNA and hope that you will be able to join us at this program. Our members rely heavily on your displays to keep abreast of new developments in neurology.

Please contact our Administrator, Miguel Ocque, at 781-434-7314 or mocque@mms.org with any questions you may have about this meeting or any future opportunities. On behalf of the MNA's members, the Board of Directors, and myself – thank you for your interest.

Sincerely,

Ika Noviawaty

Ika Noviawaty, MD
